ATARI®

MILLIPEDE

ACTION PAC™

The bugs are back! This time they're winging onto the screen in a new mode—a hot new conversion kit that will spread the Millipede profit magic to some of your older games.

Millipede is following in the earnings longevity of its classic cousin, Centipede®. You can count on the new Millipede Action Pac because the game is a proven bread-and-butter winner!

With stinging sounds, high-energy action, colorful play-fields, hordes of creepy-crawly critters, and a midi Trak-Ball™ for better control, isn't it time you took a bite out of Millipede's long-lasting profit action—the new kit-efficient way?

Each kit includes: Millipede main pc board • RF end board • Audio regulator pc board • RF cage and supporting hardware • Control panel with decals • New harness • Attract panel and decals • Template for monitor rotation • Front Glass • Original Millipede operator's manual, plus conversion instructions • Optional side panel decals
